Duke University

The 1999-2000 academic year commemorates the 75th anniversary of Duke University. Since it's founding in 1924 by James Buchanan Duke, Duke University has grown to become a major learning institution of national and international prominence.

While the academics may have changed a bit, Duke students remain committed to their healthy balance of work and play.

We shall not cease from exploration
And the end of all our exploring

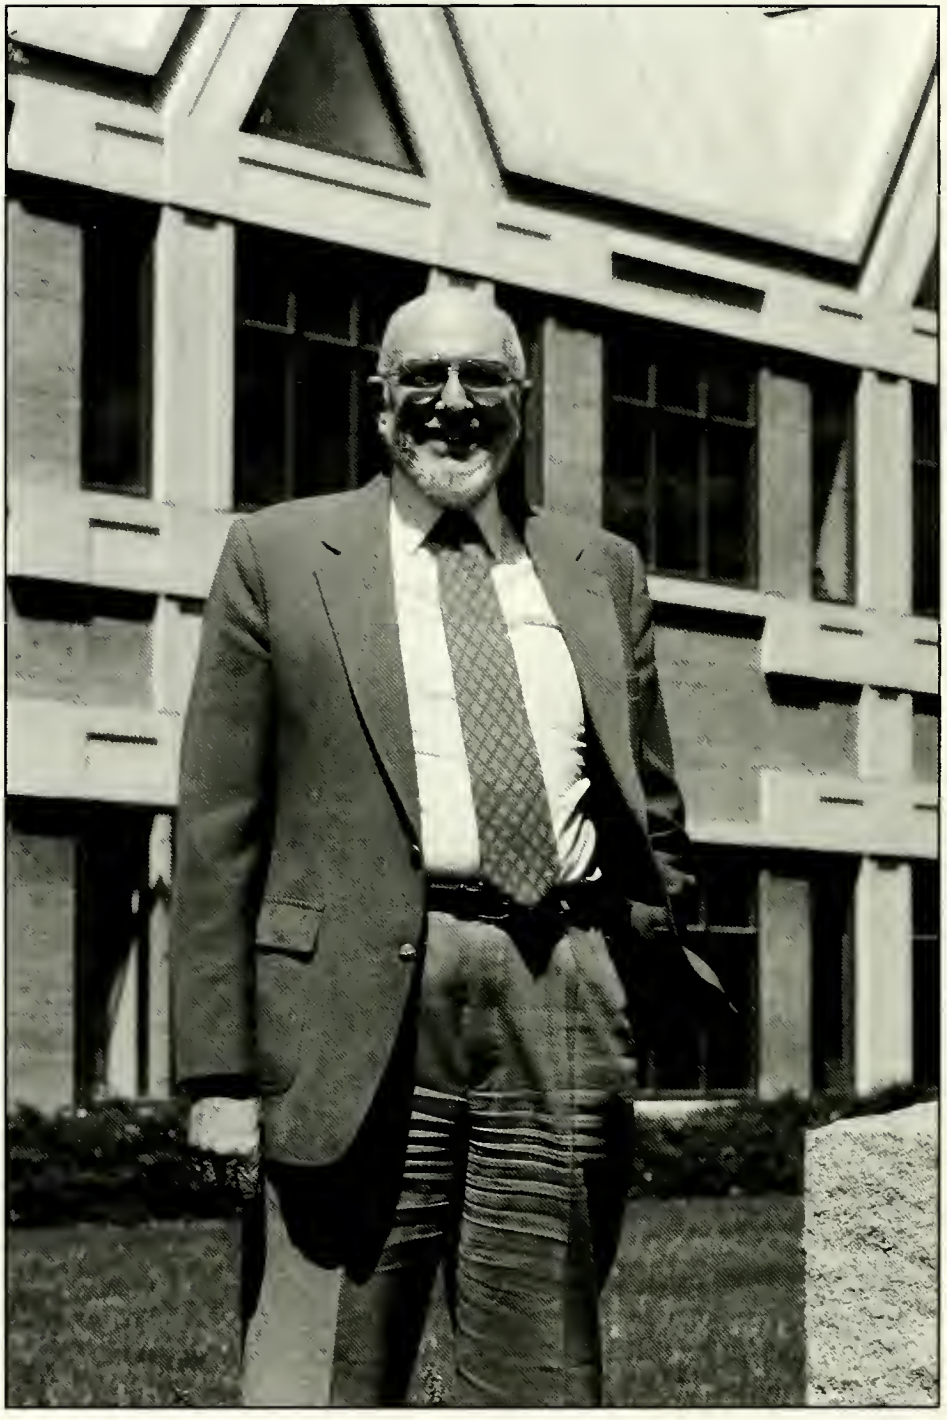
And know the place for the first time.
"Little Gidding" - T.S. Eliot

Richard A. Stubbing



Professor of Practice of Public Policy

"In your journey, try to separate the truly important - values, family/friends, reputation, personal contributions to a better society - from the less important - prestige, income, possessions, financial help to worthy causes."

Steve Nowicki

"A little rebellion now and then is a good thing." -Thomas Jefferson

Roger and Kathy Nightingale

Assistant Research Professors, Department of Biomedical Engineering

"For those of you departing, we have no words of wisdom. We're too young for credible wisdom, and we're nowhere near finished making the mistakes from which credible wisdom is earned. Take risk, make mistakes, learn, and move on. That's basically been our philosophy. Best of luck, and don't forget that it's never too late to take up surfing."

JULIAN HARRIS

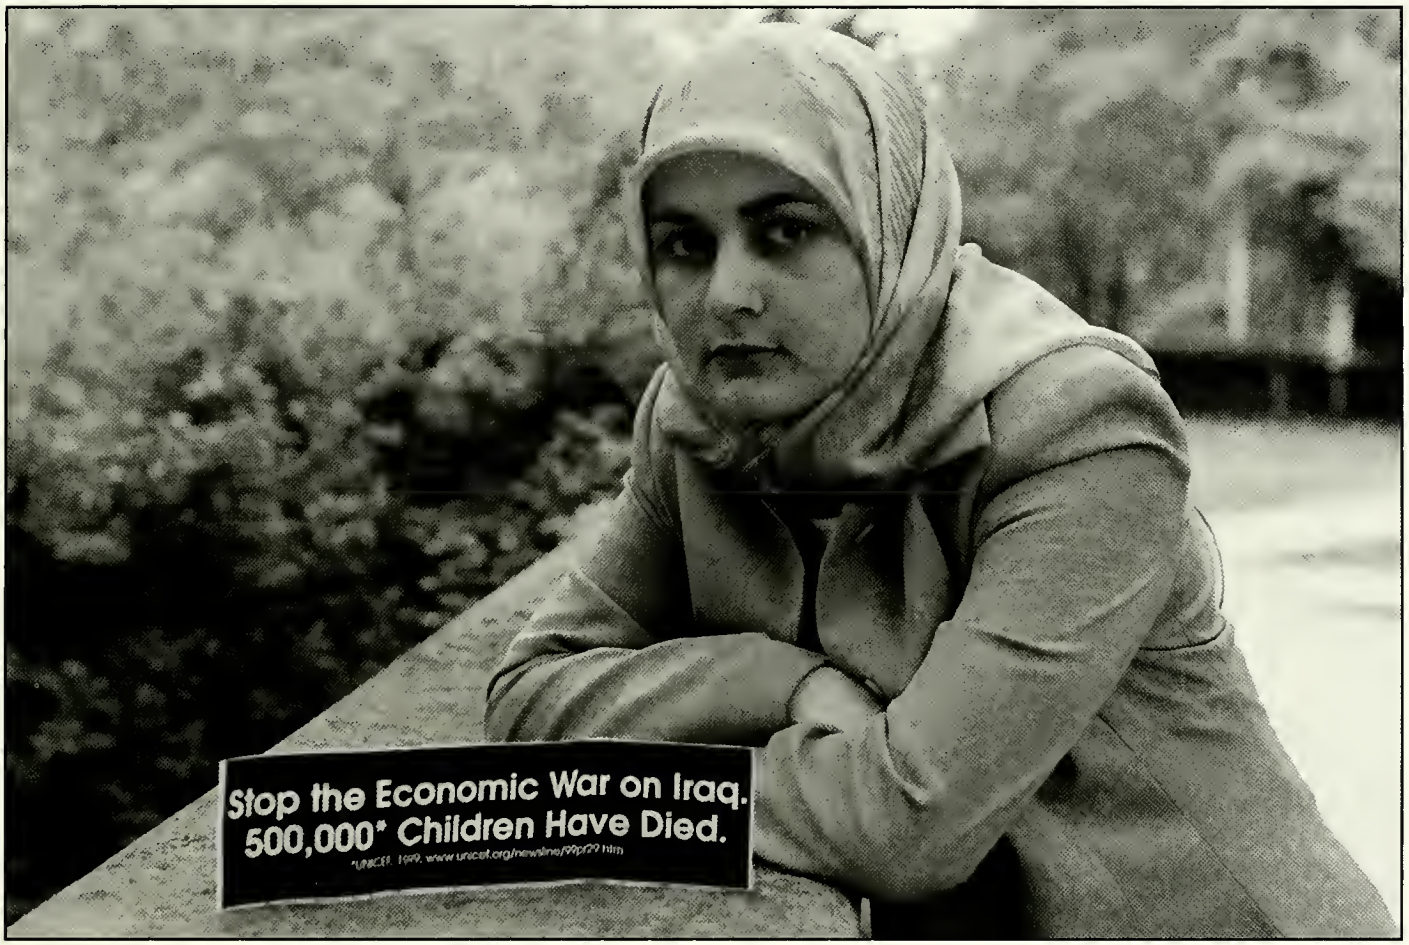
RHODES AND TRUMAN SCHOLAR
HONOR COUNCIL CHAIR, 1997-1999

"Some quirk in human nature allows even the most unspeakable acts of evil to become banal within minutes, provided that they occur far enough away to pose no personal threat." -Iris Chang, The Rape of Nanjing

"The mark of a truly educated man is to be moved deeply by statistics."
-George Bernard Shaw

"I want to be black, to know black, to luxuriate in whatever I might be calling blackness at any particular time, but to do it in order to come out on the other side to experience a humanity that is neither colorless nor reducible." -James Baldwin

Laila M. El-Haddad



Political Activist, Aspiring Journalist, Eternal Dreamer

"By the time, Verily humankind is at loss,
Except such as have Faith, and do righteous deeds,
and (join together) in the mutual enjoining of Truth,
and of Patience and Constancy."
-Holy Quran, Surah 103

Mara Jebsen

the images
i get
are of the man
walking
in the early hours
under the thin white moon,

i think of him
many nights drinking
the roof of his city
and leaving his troubles
jammed in a trumpet
brassy and prone
in a corner
afeared

and in my moments of
most blue and grim
i put on his record,
to hear his lips
settling on the trumpet
and the ghosts spitting forth
in a brass redemption.

and i am eased by
the hope caught on magnets
the romance in his grit and
cigarette embers, the city's lack
of angels-
not fatal,
so long as men
at the dregs can grow
battered wings
and fly like the phoenix
through gaps in sky-scrapers

these are the images i get
and i listen
until he sets down the trumpet and walks
into the morning
i wait until store windows
go to fog
then i pull my needle
from its groove
and sit
still
in a sweeter blue soledad

Jeff Hindman

President, Duke University Union

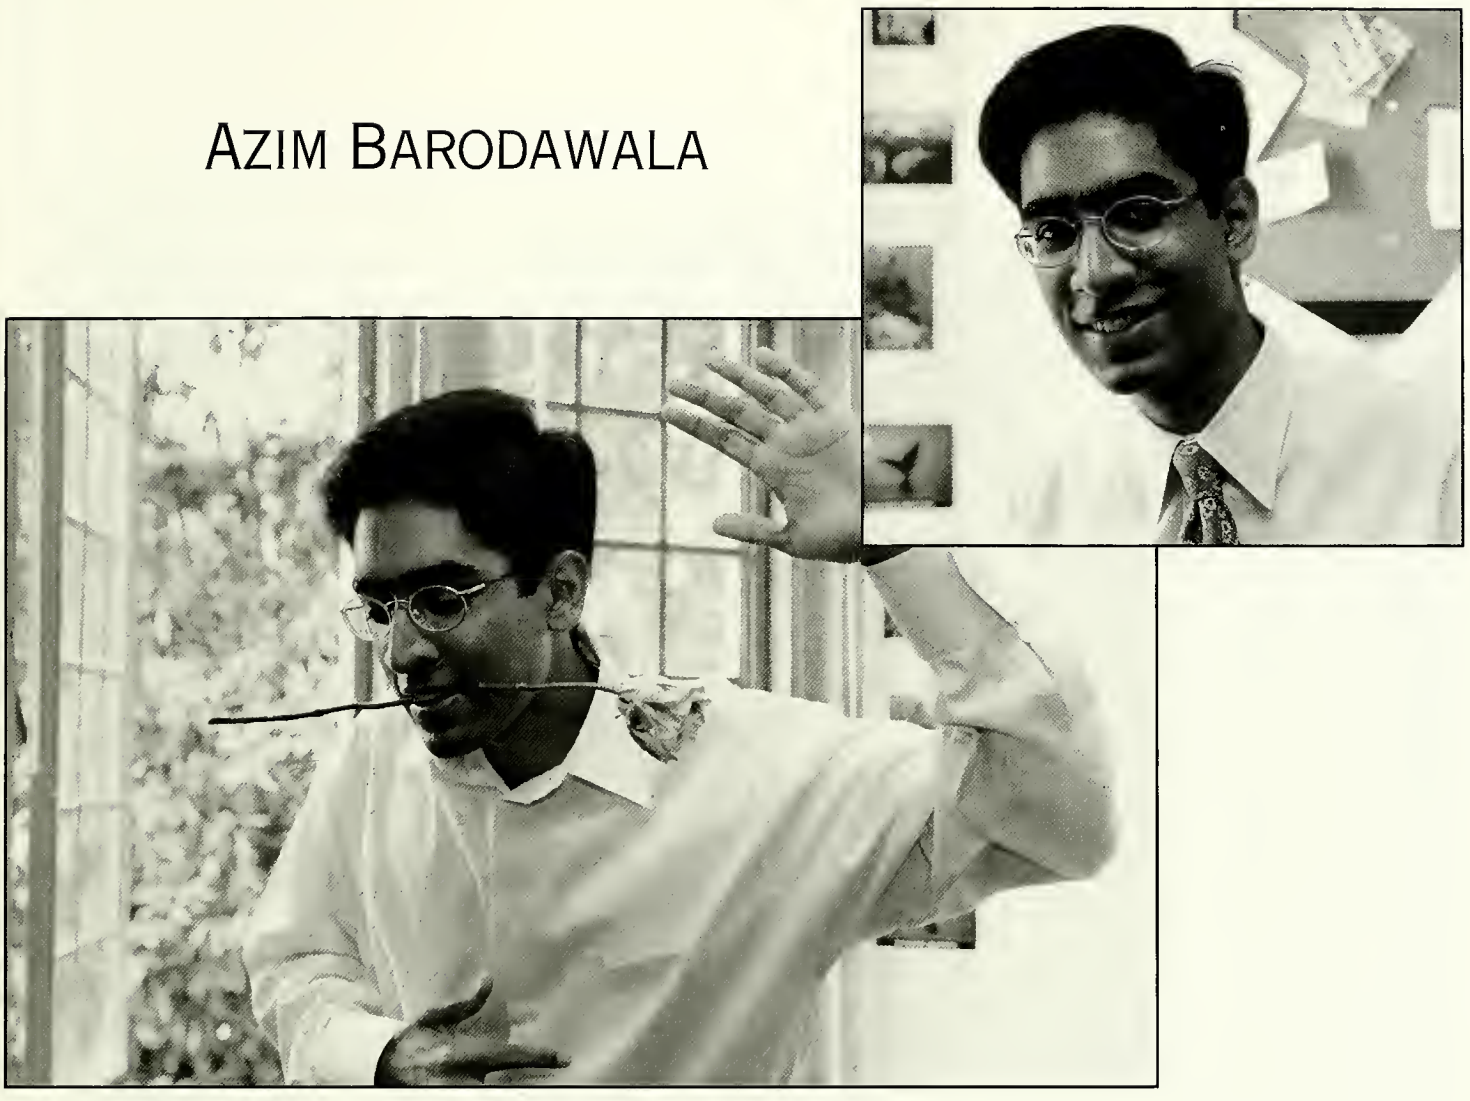
"Far better it is to dare mighty things, to win glorious triumphs, even though checkered by failure, than to take rank with those poor spirits who neither enjoy much nor suffer much, because they live in the gray twilight that knows not victory nor defeat." -Theodore Roosevelt

William "Rusty" Vance Shappley, III

3-Term Duke Student Government Executive Vice-President
Cameron Crazie

"The only way to get rid of a temptation is to yield to it." -Oscar Wilde
"Real knowledge is to know the extent of one's ignorance." -Confucius
"Dad always thought laughter was the best medicine, which I guess is why several of us died of tuberculosis." -Jack Handey

Azim Barodawala



Class President and Chief Salsero

"Everybody is seeking excellence, or claims to be. I sometimes think we have misused the word or weakened it by overuse. Excellence is not a brand of cheese. It is not even a place. It is more like a path or a guiding star. Every individual, every institution, can seek excellence in performance. That does not suggest by any means that they will all end at the same place, because excellence is not a destination. It is a spirit; it is a determination; it is a set of personal and institutional values." -Terry Sanford

"The proof of one's intelligence is speech; the proof of one's upbringing, deeds." -Ali ibn Abi Talib

"The secret to success in life is finding your Teddie." -Tony Brown

"Quiero bailar la salsa!"

Peter Pellegrino and Saverio Grazioli-Venier

Italian Stallions

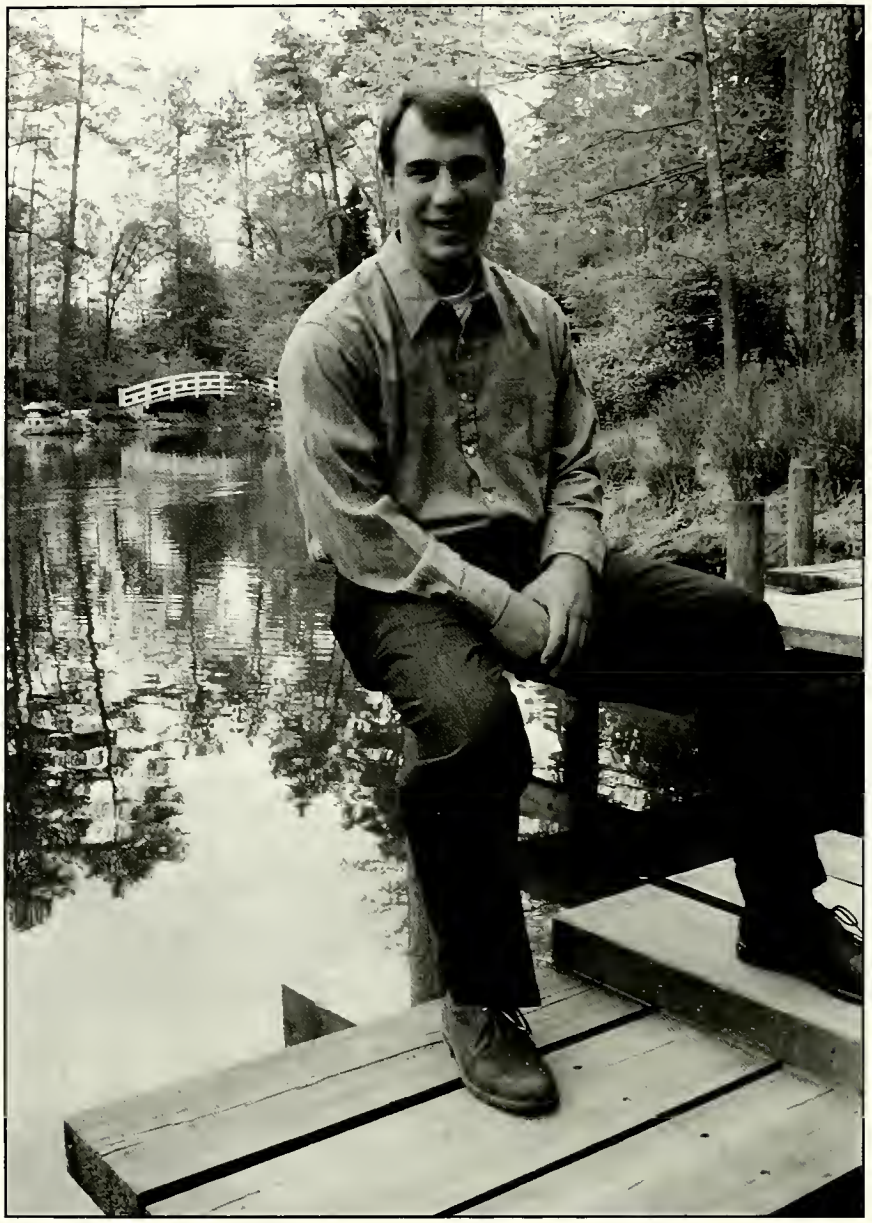
"Friendship is a single soul dwelling in two bodies." -Aristotle

Justin E. Fairfax

Young Trustee, Public Policy Studies Commencement Speaker

"Education should give us a greater understanding of the infinitely complex nature of life and the world. Experience should give us a more profound appreciation of the majestic forces that created them."

Jeremy Huff



Student, Advocate, Bridge Builder

"There followeth after me today,
A youth whose feet must pass this way;
...He, too, must cross in the twilight dim--
Good friend, I am building this bridge for him."
-Will Allen Dromgoole

Rae Miller

Panhel President

Lauren MacWilliams

President, Engineering Student Government

"For a long time it had seemed to me that life was about to begin - real life. But there was always some obstacle in the way, something to be gotten through first, some unfinished business, time still to be served, a debt to be paid. Then life would begin. At last it dawned on me that these obstacles were my life." -Alfred D'Souza

"Dost thou think, because thou art virtuous, there shall be no more cakes and ale?" -Shakespeare, Twelfth Night
